Thanks, Rob.

We can talk more about the tentative October 26 meeting soon - it sounds like it might work for most Eco Team members, but we haven't checked with the CSM group on their availability yet.

For the Oct 24-25 and Nov 1-2 Eco Team meetings, we need to keep the locations as we originally discussed (Oct 24-25 in Seattle; Nov 1-2 in Portland), since Bruce Hope is available to talk about the Food Web Model on Nov 1-2 in Portland. If anyone has concerns about this, please let me know.

Thanks,
Mikell

Hey Mikell,

Hope you had a nice trip to Spokane.

As for Oct. 26, I potentially have a must-attend meeting that day in Everett.

Other thoughts -- I recall there was some talk of flipping the Oct. 24-25 and November 1-2 locations. My preference is to keep it as is, but if we're going to make a change I'll need to know ASAP.

Thanks,

-R
